

Moving to Malta

01/09/2015

I moved to Malta. This is overall an incredible thing and either really stupid or utterly brilliant. I do love the Rock and all it has: history, ancient culture, sun, unpretentious good life, relaxedness. Downsides, yes there are a few. Traffic is very bad at rush hour, buses can be very full, and it's a lazy lifestyle so I have put on weight. But if I manage these small inconveniences, everything else is really *awesome*.
